Version

1.0.0

INTRODUCTION

Welcome to MediaHub.

MediaHub is a static website built using

- HTML
- CSS
- JavaScript

There is

NO Backend

NO Database

Everything is controlled from one file:

js/data.js

PROJECT STRUCTURE

MEDIAHUB

|

|— *assets*

|— *css*

|— *images*

|— *js*

|— *media*

|— *index.html*

=====

WHICH FILE SHOULD YOU EDIT?

=====

Normally you only edit

☒ *js/data.js*

Sometimes

☒ *images/*

when adding friend photos.

☒ *media/*

when adding offline files.

Everything else works automatically.

=====

ADDING A NEW FRIEND

=====

Step 1

Open

js/data.js

Step 2

Find

friends:[

]

Step 3

Copy an existing friend.

Example

```
{  
  id:"F006",  
  
  name:"New Friend",  
  
  photo:"images/friends/newfriend.jpg",  
  
  bio:"",  
  
  instagram:"",  
  
  telegram:""  
}
```

Step 4

Save.

Done.

=====

ADDING FRIEND PHOTO

=====

Copy photo into

images/friends/

Example

images/friends/rahul.jpg

Then

photo:"images/friends/rahul.jpg"

=====

ADDING A NEW CATEGORY

=====

Find

categories:[

]

Copy

{

id:"C009",

name:"Motivation"

}

Done

=====

ADDING A SONG

=====

Find

media:[

]

Copy

```
{  
  
  id:"M010",  
  
  owner:"FO01",  
  
  type:"song",  
  
  title:"My Song",  
  
  category:"CO01",  
  
  favorite:false,  
  
  source:"https://...",  
  
  downloadable:false  
  
}
```

=====

OWNER

=====

owner means

Which friend owns the media.

Example

FO01

↓

Chuhiya

=====
